RETURNING THE BOXES

Ballot Receptacles Must be in Place by Election Day

WERE USED IN CONTEST

Following an agreement of the counsel concerned on both sides in the prothonotary contest between Joe Martin and Dr. A. V. Lewis, the court at Washington Wednesday handed down an order directing the return to the respective voting precincts of the 32 ballot boxes tha. were brought before the examiner, Arthur R. Witherspoon. These ballot boxes have been in the custody of H. Ed. McCutcheon, who was appointed official custodian of the same, following the order of the court, upon petition to have these ballot boxes brought in for inspection.

The case has been disposed of in the lower court, but an appeal to the higher court is pending. It was a question what was going to be done about these ballot boxes. The election was approaching and if they were kept tied up it meant the securing of new boxes for all the precinsts whose boxes had been taken. The matter was taken up with the examiner and counsel concerned and it was agreed that there was no further need for the boxes, as they would not be necessary in the review of the case in the higher court, as all the facts concerning them and their contents were on record. It being agreed to release the boxes, the court made the order directing the return of them to the respective voting precincts

All of the Charleroi ballot boxes except that of the third precinct were examined in the contest and were in the custody of McCutcheon, as well as the boxes of Roscoe, California and West Brownsville in the river district.

LOOKING FOR NEW TEACHER

Efforts are being made by the Charleroi School board to secure a teacher for the eighth grade in the Fifth street school to take the place of Miss Laura Sprowls, of Midway, who resigned a few days ago. So far they have been unable to locate anyone. Miss Nina Houseman a teacher in the Ninth street school has been teaching in Miss Sprowls' place since the latter left last Friday and Miss Hawthorne has been substituting for Miss Houseman.

MUST CHANGE THE PRECINCTS

Carroll Township Facing Necessary Alteration in Voting Places

Carroll township is facing a necessary redistricting of its voting precincts, something that will not take place however until after the November election. By annexation and incorporation proceedings two of the four voting precincts have been practically wiped out. The fourth was cut down by the annexation of a large slice of its territory by the borough of Donora, the section annexed including most of the voters of the precinct. The incoporation of the borough of New Eagle took practically all of the territory of the second precinct.

ODD FELLOWS PAST GRAND ASSOCIATION MEETS AT WASNINGTON

Members of the Past Grand Association of the Independent Order of Odd Fellows of Western Pennsylvania held an enthusiastic meeting at Washington Wednesday evening. Two hundred members of the order were present from all parts of this section of the state. A special car was run from the Monongahela valley carrying 12 from Charleroi; about 56 from Monongahela; 26 from Donora and six from California.

At the business session officers of the association were elected as follows: President, Cal Smoke, Washintgon; first vice president, J. S. Crawford, Charleroi; second vice president, Robert Crosson, Canonsburg; secretary, James B. Hallam, Washington, and treasurer, J. W. Nickeson, of Washington. A smoker and banquet closed the meeting.

Dawson's Sale on Friday.

An event of much interest in real estate circles is the auction sale of lots at Lockview Terrace, North Charleroi, tomorrow and Friday. This sale is a novelty in the way of disposing of real estate, and the event is awaited with interest. The sale is under the management of George W. Dawson of Charleroi, who has had much experience in handling real estate. The location is an ideal one for homes for working people, as it gives the resident easy access to all the industries of the valley, Charleroi, Monessen, Donora, North Charleroi, besides the coal mines all along the valley. With two electric car lines and two railroads few better locations can be found for homes for working people. It is expected that there will be a big demand for the lots which will be sold at auction to the highest bidder.

Will Confer Second Degree.

Arrangements are being perfected by officers and members of Charleroi council, No. 956, Knights of Columbus, for the exemplification of the second degree upon a class of candidates Sunday afternoon. M. T. Crowley, grand knight will have charge of the ceremonies. Seventy candidates will receive the degree. The second degree exemplification will precede only a week the exemplification of the third degree upon a large class here. Some of the highest officials in the order in this state will be present for that event.

MATTHEWS POPULAR IN HIS DISTRICT

Walter Christy, Special Writer Finds Out Interesting Things on His Visit to New Castle

Walter Christy, the political editor of the Pittsburg Gazette Times, who has been making a survey of the Twenty-fourth Congressional district has this to say of Congressman Charles Matthews, the Republican candidate:

"In the one term that Matthews has been in the house he has faithfully represented his constituents. His enemies have combed his record and find nothing to complain about. Although a Republican in a Democratic house, he has the credit of passing more private pension bills than any member of he body. Organized labor has examined his record and reports that there is no ground for objections. Matthews worked in the mills for many years as a roller and he still carries his union card. The farmers are satisfied with the work of their congressman."

COUGHS UP LUNG STONE

Dr. C. C. Wright, the local osteopath is in possession of what to the medical world is a wonder, the object being a lung stone or bronchial calculus, that was coughed from the bottom of the right lung by a patient. The stone, as hard as adamite, and of a light brown color, weighs 10 grains. In all the history of medicine there have been in the world only 38 undoubted cases and 21 probable cases. Morgagni, a man of research, reported eight cases from ancient times through a search of ancient literature. Of the 38 cases the United States had only three previous to that of Dr. Wright's. One was reported in New York by DeCarendeffey in 1803, one dates back to 1788 and the latest was reported by Dr, Clifford Farr, of the University of Pennsylvania in 1906. The last reported was of a lung stone weighing only half that of Dr. Wright's or five grains.

Dr. Wright treated the man who coughed up the stone for chest trouble during a part of August. The stone was gotten rid of September 3. Dr. Wright took the stone to Pittsburg last Saturday night when he attended a meeting of osteopaths. The members of the association were astounded.

According to his own story the man has been suffering from a cough for 13 years, though not hard until the last three years. Getting rid of the lung encumbrance, the man stated he felt as though he were "ripping out the lining of his right lung." The stone was away down deep and moved gradually during a terrific fit of coughing.

For 20 years the man was a glass worker. He is 43 years old. His name is withheld at his own request. He states that since getting rid of the stone he has quit coughing and has gained 13 pounds.

From the best authority to be had the lung stone is what is known as a calcarious deposit. The symptoms are much the same as in bronchitis. The stone is as large as a small marble, but not round.

CHARLEROI NOT IN IT

The Central basketball league was organized at Pittsburg Wednesday night with the following teams: Uniontown, Johnstown, Connellsville, Southside and Homestead. Charleroi's franchise was transferred to Homestead. President J. E. Parsons announced the first playing season will open November 11 and the second January 15. The playing season will continue until March 15.

Fairmont, W. V., Greensburg, Pa., and Charleroi were represented at the meeting. It is probable that Fairmont and Greensburg will join for the second playing season. A basketball hall is being erected at Fairmont and will be completed before January 1. The owners of the Greensburg rink were not ready to come to terms, but will probably be in the league for the second season.

Jacky Adams will manage the Homestead team.

Monessen has about 400 Greeks, who have volunteered their services but only those of the right age and held on the reserve list will be able to go at the present time.

THIEVES ROB FROM PAY STATIONS OF TELEPHONE COMPANY

A dozen or more pay stations in Monessen, Monongahela and Charleroi of the Bell Telephone company have been robbed and the company is making efforts to locate the brazen thieves. Discovery of the robbery was made when the collectors made their rounds a few days ago. In the neighborhood of $100 was removed from the automatics. The places robbed were mostly in the hotels. Some time ago the same offense was committed.

HIGH SCHOOL TEAM PREPARE FOR GAME

The Charleroi High School football team anticipate one of its hardest games of the present football season on Saturday afternoon on the local ground, when the Waynesburg High School team will appear. Waynesburg is considered one of the best teams among the High schools of Western Pennsylvania. So far it has made a good record.

The local High School team did not play last week, owing to a cancellation. Coach W. R. Grim states his men are in good shape for the fray Saturday. Charleroi will play a return game at Waynesburg on Thanksgiving.

GETTING READY FOR ANNUAL TEA PARTY

The annual tea party of St. Jerome's church will be held as usual on the evening before Thanksgiving. The supper and euchre will be held at Turner hall and dancing will take place in Might's auditorium, to music by Wheeler's orchestra. This is one of the prominent church events of the season, and preparations are on foot to eclipse all previous efforts.

COAL PROPERTY BRINGS BIG SUM

The property of the Washington County Coal company consisting of 800 acres of coal, 80 acres of surface and a well developed mine with its equipment located in Jefferson township was sold Wednesday at the court house at Washington at receivers' sale for $121,200 The purchasers were Charles F. Montgomery, Charles H. Akens and Charles C. Robinson, all of New Castle, bond holders. The other bidders for the property were Attorney Harry A. Jones, of Washington, who represented a coal company and William W. Wishart, of the People's National bank, of Pittsburg.

The property was started at $25,000 and kept crawling up by small bids of $10, $25, $50 and $100 each until the $121,200 was reached. This property was offered for sale previously and was bid to $281,000. The receiver of the company is E. T. Kurtz, of New Castle.

The mine has been operated several years, but has been in the hands of the receiver for some time. The mine is located a short distance from Avella on a branch railroad. During the past few years it has been leased to Mr. Flanagan, who has operated the works.

NOT DUE TO THE TARIFF.

The statement has been widely circulated that the tariff act of 1909 is a chief factor in creating the high cost of living. "This is not true," says President Taft in his letter of acceptance. "A careful investigation will show that the phenomenon of increased prices and cost of living is world-wide in its extent and quite as much in evidence in other countries of advanced civilization and progressive tendencies as in our own Bitter complaints of the burden of increased prices and cost of living have been made not only in this country, but even in countries of Asia and Africa. Disorder and even riots have occurred in several European cities because of the unprecendented cost of food products. In our own country, changes have been manifested without regard to lower or higher duties in the tariff act of 1909. Indeed, the most notable increase in prices has been in the case of products where no duties are imposed and in some instances in which they were diminished or removed by the recent tariff act"

All investigations have shown that these increases in prices are due to natural causes. The great movement from the country to the city and the decline of farming has been the most potent factor in causing high prices These are facts that every careful student of economics must admit, and it is difficult to see how any legislation can change this situation.

Speaking of Col. Roosevelt, W. J. Bryan said: "I am afraid he mistook a blast furnace of the steel trust for the burning bush and the voice of Mr. Perkins for that of the Lord." That ought to be clear enough even for a jury with ordinary penetration to understand.

PICKED UP IN PASSING

It is stated that when Gov. Foss of Massachusetts recently had luncheon with a prominent Englishmen he called for boasting of his ancestry. Taking a coin from his pocket, the Englishman said:

"My great-great-grandfather was made a lord by the king whose picture you see on this shilling.

"Indeed!" replied the governor "What a concidence! My great-great-grandfather was made an angel by the Indian whose picture you see on this cent."

A few weeks ago before the baseball season closed a Sunday school superintedent up the river one Sunday had difficulty in keeping a bunch of small boys in order. The superintendent finally said:

"I don't see why you boys can't keep quiet and sit still for a few minutes Yesterday I noticed that some of you sat through a twelve-inning ball game quietly enough. Now how do you account for that?"

"Oh, well, they change pitchers once in a while," said one of the lads much to the chagrin of the superintendent.

CATTLE CROSSING OVER IRRIGATING CANAL

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

ORANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and ***POULTRY*** are easier to raise and produce more because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with cheap railroad and river transportation, making financial success sure.

AUCTION SALE OF LOTS

LOCK VIEW TERRACE

NORTH CHARLEROI, PA.

FRIDAY AND SATURDAY, OCTOBER 25th AND 26th

AT 1:30 P. M.

100 BUILDING LOTS

Also One Dwelling House Six Rooms and Bath

Will Positively Be Sold to the Highest Bidder on Easy Terms of Payment

Lock View Terrace is the Place for the Working Man to Buy a Comfortable Home

THIS CONCERNS YOU

On Friday and Saturday, October 25 and 26, 1912, at 1:30 o'clock p. m., LOCK VIEW TERRACE will be inaugurated, and a number of the choicest residence lots will be sold at public auction to the highest bidders. This will prove to be one of the greatest and most beneficial opportunities for home seekers that has ever been offered in this section of Pennsylvania.

To see is to believe. To understand is to buy.

WHERE IT IS LOCATED.

At Lock No. 4, Washington county, Pa., on an elevation made gloriously beautiful by nature, overlooking the placid Monongahela river, on the line of the P. R. R. and the P. & L. E. railroads, one of which will shortly be a trunk line leading from Pittsburg to Baltimore; two electric railroads, and right in the heart of one of the greatest manufacturing centers of the world.

A PROSPEROUS LOCALITY.

Lock View Terrace is directly opposite and faces the thriving metropolis of Monessen, and is but a short distance from the Magic City—Charleroi, both of which can be reached within a few minutes by the trolley cars. It is the ideal location for the homeseeker.

AN INDUSTRIAL CENTER.

The largest plant of the Pittsburg Steel company is located in Monessen, and is but a short distance from Lock View Terrace plan of lots. That company employs 3,500 hands and pays out in wages $225,000 monthly; and furthermore, an addition costing $2,000,000 is now in course of construction to this mammoth industrial concern. Another of Monessen's big industries is the American Sheet & Tin Plate company's mill, employing 1,500 hands, with a monthly payroll aggregating $125,000. These are only a few of Monessen's industries.

NEW PLANT FOR MONESSEN.

It is stated on good authority that a new industrial plant will be built at the Monessen end of the bridge in the near future, which will employ from 3,000 to 4,000 men. This is one of the features which makes Lock View Terrace all the more desirable as a home for working men. Remember, future developments, as well as present ones, will make these sites all the more valuable.

A PLACE TO SAVE.

To the north is situated Charleroi, which is also connected by street car lines from Lock View Terrace, is but a few minutes ride. Charleroi's leading industries are the MacBeth-Evans Chimney factory, with a weekly payroll of $10,000; Henderson Coal Works, with a monthly payroll of $12,000; Imperial Bottle Factory, with a monthly pay roll of $14,000; Pittsburg Plate Glass works, with a monthly pay roll of $15,000. Charleroi is just 22 years old and its banks have more than $2,500,000 on deposit, more than one half of which is savings accounts.

CHURCHES AND SCHOOLS.

For all denominations are either already built or in course of construction. One of the handsomest school buildings in Washington county having just been completed near Lock View Terrace.

LONG FELT WANT.

These lots will fill a long felt want for the working man. People want to live out of the business section of the towns, away from the noise and smoke and poisonous fumes of the great factories, and they are consequently seeking homes in the suburbs—out where the air is pure and wholesome and gives vigorous life to mankind and vegetation.

LOTS TO HIGHEST BIDDERS.

To meet this demand it has been decided to place this ideal plan of lots for sale at public auction; the lots to be sold to the highest bidder.

BEING DRIVEN TO SUBURBS.

The advantages and attractive features of Lock View Terrace are many, and should appeal strongly to the workers and home seekers. The lots are ideally situated for home settlement. Money has already been appropriated for paving the road leading from Charleroi to Monongahela and this road runs directly along this new plan of lots. A movement is on foot to have the Monessen-Charleroi bridge made free, which will be a great advantage to the persons who buy property in Lock View Terrace.

RETURNING THE BOXES

Ballot Receptacles Must be in Place by Election Day

WERE USED IN CONTEST

Following an agreement of the counsel concerned on both sides in the prothonotary contest between Joe [illegible] at Washington Wednesday handed down an order directing the return to the respective voting precincts of the 32 ballot boxes that were brought before the examiner, Arthur R. Witherspoon. These ballot boxes have been in the custody of H. Ed. McCutcheon, who was appointed official custodian of the same, following the order of the court, upon petition to have these ballot boxes brought in for inspection.

The case has been disposed of in the lower court, but an appeal to the higher court is pending. It was a question what was going to be done about these ballot boxes. The election was approaching and if they were kept tied up it meant the securing of new boxes for all the precinsts whose boxes had been taken. The matter was taken up with the examiner and counsel concerned and it was agreed that there was no further need for the boxes, as they would not be necessary in the review of the case in the higher court, as all the facts concerning them and their contents were on record. It being agreed to release the boxes, the court made the order directing the return of them to the respective voting precincts

All of the Charleroi ballot boxes except that of the third precinct were examined in the contest and were in the custody of McCutcheon, as well as the boxes of Roscoe, California and West Brownsville in the river district.

LOOKING FOR NEW TEACHER

Efforts are being made by the Charleroi School board to secure a teacher for the eighth grade in the Fifth street school to take the place of Miss Laura Sprowls, of Midway, who resigned a few days ago. Miss Nina Houseman a teacher in the Ninth street school has been teaching in Miss Sprowls' place since the latter left last Friday and Miss Hawthorne has been substituting for Miss Houseman.

MUST CHANGE THE PRECINCTS

Carroll Township Facing Necessary Alteration in Voting Places

Carroll township is facing a necessary redistricting of its voting precincts, something that will not take place however until after the November election. By annexation and incorporation proceedings two of the four voting precincts have been practically wiped out. The fourth was cut down by the annexation of a borough of Donora, the section annexer including most of the voters of the precinct. The incoporation of the borough of New Eagle took practically all of the territory of the second precinct.

ODD FELLOWS PAST GRAND ASSOCIATION MEETS AT WASNINGTON

Members of the Past Grand Association of the Independent Order of Odd Fellows of Western Pennsylvania held an enthusiastic meeting at Washington Wednesday evening. Two hundred members of the order were present from all parts of this section of the state. A special car was run from the Monongahela valley carrying 12 from Charleroi; about 56 from Monongahela; 26 from Donora and six from California.

At the business session officers of the association were elected as follows: President, Cal Smoke, Washintgon; first vice president, J. S. Crawford, Charleroi; second vice president, Robert Crosson, Canonsburg; secretary, James B. Hallam, Washington, and treasurer, J. W. Nickeson, of Washington. A smoker and banquet closed the meeting.

Dawson's Sale on Friday.

An event of much interest in real estate circles is the auction sale of lots at Lockview Terrace, North Charleroi, tomorrow and Friday. This sale is a novelty in the way of disposing of real estate, and the event is awaited with interest. The sale is under the management of George W. Dawson of Charleroi, who has had much experience in handling real estate. The location is an ideal one for homes for working people, as it gives the resident easy access to all the industries of the valley, Charleroi, Monessen, Donora, North Charleroi, besides the coal mines all along the valley. With two electric car lines and two railroads few better locations can be found for homes for working people. It is expected that there will be a big demand for the lots which will be sold at auction to the highest bidder.

Will Confer Second Degree.

Arrangements are being perfected by officers and members of Charleroi council, No. 956, Knights of Columbus, for the exemplification of the second degree upon a class of candidates Sunday afternoon. M. T. Crowley, grand knight will have charge of the ceremonies. Seventy candidates will receive the degree. The second degree exemplification will precede only a week the exemplification of the third degree upon a large class here. Some of the highest officials in the order in this state will be present for that event.

MATTHEWS POPULAR IN HIS DISTRICT

Walter Christy, Special Writer Finds Out Interesting Things on His Visit to New Castle

Walter Christy, the political editor of the Pittsburg Gazette Times, who has been making a survey of the Twenty-fourth Congressional district has this to say of Congressman Charles Matthews, the Republican candidate:

"In the one term that Matthews has been in the house he has faith- [illegible] enemies have combed his record and find nothing to complain about. Although a Republican in a Democratic house, he has the credit of passing more private pension bills than any member of the body. Organized labor has examined his record and reports that there is no ground for objections. Matthews worked in the mills for many years as a roller and he still carries his union card. The farmers congressman."

COUGHS UP LUNG STONE

Dr. C. C. Wright, the local osteopath is in possession of what to the medical world is a wonder, the object being a lung stone or bronchial calculus, that was coughed from the bottom of the right lung by a patient. The stone, as hard as adamite, and of a light brown color, weighs 10 grains. In all the history of medicine there have been in the world only 38 undoubted cases and 21 probable cases. Morgagni, a man of research, reported eight cases from ancient times through a search of ancient literature. Of the 38 cases the United States had only three previous to that of Dr. Wright's. One was reported in New York by DeCarendeffey in 1803, one dates back to 1788 and the latest was reported by Dr. Clifford Farr, of the University of Pennsylvania in 1906. The last reported was of a lung stone weighing only half that of Dr. Wright's or five grains.

Dr. Wright treated the man who coughed up the stone for chest trouble during a part of August. The stone was gotten rid of September 3. Dr. Wright took the stone to Pittsburg last Saturday night when he attended a meeting of osteopaths. The members of the association were astounded.

According to his own story the man has been suffering from a cough for 13 years, though not hard until the last three years. Getting rid of the lung encumbrance, the man stated he felt as though he were "ripping out the lining of his right lung." The stone was away down deep and moved gradually during a terrific fit of coughing.

For 20 years the man was a glass worker. He is 43 years old. His name is withheld at his own request. He states that since getting rid of the stone he has quit coughing and has gained 13 pounds.

From the best authority to be had the lung stone is what is known as a calcarious deposit. The symptoms are much the same as in bronchitis. The stone is as large as a small marble, but not round.

CHARLEROI NOT IN IT

The Central basketball league was organized at Pittsburg Wednesday night with the following teams: Uniontown, Johnstown, Connellsville, Southside and Homestead. Charleroi's franchise was transferred to Homestead. President J. E. Parsons announced the first playing season will open November 11 and the second January 15. The playing season will continue until March 15.

Fairmont, W. V., Greensburg, Pa., and Charleroi were represented at the meeting. It is probable that Fairmont and Greensburg will join for the second playing season. A basketball hall is being erected at Fairmont and will be completed before January 1. The owners of the Greensburg rink were not ready to come to terms, but will probably be in the league for the second season.

Jacky Adams will manage the Homestead team.

Some time ago the same offense was committed.

HIGH SCHOOL TEAM PREPARE FOR GAME

The Charleroi High School football team anticipate one of its hardest games of the present football season on Saturday afternoon on the local ground, when the Waynesburg High School team will appear. Waynesburg is considered one of the best teams among the High schools of Western Pennsylvania. So far it has made a good record.

The local High School team did not play last week, owing to a cancellation. Coach W. R. Grim states his men are in good shape for the fray Saturday. Charleroi will play a return game at Waynesburg on Thanksgiving.

GETTING READY FOR ANNUAL TEA PARTY

The annual tea party of St. Jerome's church will be held as usual on the evening before Thanksgiving. The supper and euchre will be held at Turner hall and dancing will take place in Might's auditorium, to music by Wheeler's orchestra. This is one of the prominent church events of the season, and preparations are on foot to eclipse all previous efforts.

COAL PROPERTY BRINGS BIG SUM

The property of the Washington County Coal company consisting of 800 acres of coal, 80 acres of surface and a well developed mine with its equipment located in Jefferson township was sold Wednesday at the court house at Washington at receivers' sale for $121,200. The purchasers were Charles F. Montgomery, Charles H. Akens and Charles C. Robinson, all of New Castle, bond holders. The other bidders for the property were Attorney Harry A. Jones, of Washington, who represented a coal company and William W. Wishart, of the People's National bank, of Pittsburg.

The property was started at $25,000 and kept crawling up by small bids of $10, $25, $50 and $100 each until the $121,200 was reached. This property was offered for sale previously and was bid to $281,000. The receiver of the company is E. T. Kurtz, of New Castle.

The mine has been operated several years, but has been in the hands of the receiver for some time. The mine is located a short distance from Avella on a branch railroad. During the past few years it has been leased to Mr. Flanagan, who has operated the works.

NOT DUE TO THE TARIFF.

The statement has been widely circulated that the tariff act of 1909 is a chief factor in creating the high cost of living. "This is not true," says President Taft in his letter of acceptance. "A careful investigation will show that the phenomenon of increased prices and cost of living is world-wide in its extent and quite as much in evidence in other countries as in our own. Bitter complaints of the burden of increased prices and cost of living have been made not only in this country, but even in countries of Asia and Africa. Disorder and even riots have occurred in several European cities because of the unprecedented cost of food products in our own country, changes have been made in the tariff without regard to lower or higher duties in the tariff act of 1909. Indeed, the most notable increase in prices has been in the case of products where no duties are imposed and in some instances in which the duties were diminished or removed by the recent tariff act."

All investigations have shown that these increases in prices are due to natural causes. The great movement from the country to the city and the decline of farming has been the most potent factor in causing high prices. These are facts that every careful student of economics must admit, and it is difficult to see how any legislation can change this situation.

ELECTRIC SPARKS

Speaking of Col. Roosevelt, W. J. Bryan said: "I am afraid he mistook a blast furnace of the steel trust for the burning bush and the voice of Mr. Perkins for that of the Lord." That ought to be clear enough even for a jury with ordinary penetration to understand.

PICKED UP IN PASSING

It is stated that when Gov. Foss of Massachusetts recently had luncheon with a prominent Englishmen noted for boasting of his ancestry. Taking a coin from his pocket, the Englishman said:

"My great-great-grandfather was made a lord by the king whose picture you see on this shilling."

"Indeed!" replied the governor. "My great-great-grandfather was made an ass by the king whose picture you see on this cent."

A few weeks ago before the baseball season closed a Sunday school superintendent up the river one Sunday had a number of small boys in order. The superintendent finally said:

"I don't see why you boys can't keep quiet and sit still for a few minutes. Yesterday I noticed that some of you sat through a twelve-inning ball game quietly enough. Now how do you account for that?"

"Oh, well, they change pitchers once in a while," said one of the lads much to the chagrin of the superintendent.

Hindsboro, Ill.—"Your remedies have relieved me of all my troubles. I would have such bearing down misery and cramps and such weak, nervous, dizzy spells that I would have to go to bed. Some days I could hardly stay up long enough to get a meal.

"The doctor's medicine did me no good so I changed to Lydia E. Pinkham's Vegetable Compound and got good results from the first bottle. I kept on taking it and used the Sanative Wash with it, until I was well again. I think every woman who suffers as I have, could take no better medicine."—Mrs. CHARLES MATTISON, Box 58, Hindsboro, Ill.

Cathlamet, Wash.—"I am a nurse and when I do much liftingsI have a female weakness, but I take Lydia E. Pinkham's Vegetable Compound and I cannot say enough in praise of it. I always recommend it for female troubles."—Mrs. ELVA BARBER EDWARDS, Box 54, Cathlamet, Wash.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

CATTLE CROSSING OVER IRRIGATING CANAL

HOME and social life in Northern California is the most pleasant because there are more bright days than in Southern Italy, and there is every convenience for bringing people together.

FARMS in the Sacramento Valley produce many more times net profit to the acre than Eastern farms because the soil is the best, sun shines every day, and there is plenty of good water for irrigating, with proper drainage.

GRANGES, potatoes, alfalfa and all fruits, grains, grasses and vegetables mature earlier in Northern California than in any part of the world.

STOCK and *POULTRY* are easier to raise and produce more because the climate is healthful and green feed grows in abundance.

MARKETS are very near, with cheap railroad and river transportation, making financial success sure.

If interested, we urge you to write us today and learn of people who are making big money there now.

Let us know what you wish most to be informed about and get an instructive reply.

Don't delay, every day now sees new settlers moving on this land, as it is ready for seed, and the best farms go first.

AUCTION SALE OF LOTS

LOCK VIEW TERRACE

NORTH CHARLEROI, PA.

FRIDAY AND SATURDAY, OCTOBER 25th AND 26th

AT 1:30 P. M.

100 BUILDING LOTS

Also One Dwelling House Six Rooms and Bath

Will Positively Be Sold to the Highest Bidder on Easy Terms of Payment

Lock View Terrace is the Place for the Working Man to Buy a Comfortable Home

THIS CONCERNS YOU

On Friday and Saturday, October 25 and 26, 1912, at 1:30 o'clock p. m., LOCK VIEW TERRACE will be inaugurated, and a number of the choicest residence lots will be sold at public auction to the highest bidders. This will prove to be one of the greatest and most beneficial opportunities for home seekers that has ever been offered in this section of Pennsylvania.

To see is to believe. To understand is to buy.

WHERE IT IS LOCATED.

At Lock No. 4, Washington county, Pa., on an elevation made gloriously beautiful by nature, overlooking the placid Monongahela river, on the line of the P. R. R. and the P. & L. E. railroads, one of which will shortly be a trunk line leading from Pittsburg to Baltimore; two electric railroads, and right in the heart of one of the greatest manufacturing centers of the world.

A PROSPEROUS LOCALITY.

Lock View Terrace is directly opposite and faces the thriving metropolis of Monessen, and is but a short distance from the Magic City—Charleroi, both of which can be reached within a few minutes by the trolley cars. It is the ideal location for the homeseeker.

AN INDUSTRIAL CENTER.

The largest plant of the Pittsburg Steel company is located in Monessen, and is but a short distance from Lock View Terrace plan of lots. That company employs 3,500 hands and pays out in wages $225,000 monthly; and furthermore, an addition costing $2,000,000 is now in course of construction to this mammoth industrial concern. Another of Monessen's big industries is the American Sheet & Tin Plate company's mill, employing 1,500 hands, with a monthly payroll aggregating $125,000. These are only a few of Monessen's industries.

NEW PLANT FOR MONESSEN.

It is stated on good authority that a new industrial plant will be built at the Monessen end of the bridge in the near future, which will employ from 3,000 to 4,000 men. This is one of the features which makes Lock View Terrace all the more desirable as a home for working men. Remember, future developments, as well as present ones, will make these sites all the more valuable.

A PLACE TO SAVE.

To the north is situated Charleroi, which is also connected by street car lines from Lock View Terrace, is but a few minutes ride. Charleroi's leading industries are the MacBeth-Evans Chimney factory, with a weekly payroll of $10,000; Henderson Coal Works, with a monthly payroll of $12,000; Imperial Bottle Factory, with a monthly pay roll of $14,000; Pittsburg Plate Glass works, with a monthly pay roll of $15,000. Charleroi is just 22 years old and its banks have more than $2,500,000 on deposit, more than one half of which is savings accounts.

CHURCHES AND SCHOOLS.

For all denominations are either already built or in course of construction. One of the handsomest school buildings in Washington county having just been completed near Lock View Terrace.

LONG FELT WANT.

These lots will fill a long felt want for the working man. People want to live out of the business section of the towns, away from the noise and smoke and poisonous fumes of the great factories, and they are consequently seeking homes in the suburbs—out where the air is pure and wholesome and gives vigorous life to mankind and vegetation.

LOTS TO HIGHEST BIDDERS.

To meet this demand it has been decided to place this ideal plan of lots for sale at public auction; the lots to be sold to the highest bidder.

BEING DRIVEN TO SUBURBS.

The advantages and attractive features of Lock View Terrace are many, and should appeal strongly to the workers and home seekers. The lots are ideally situated for home settlement. Money has already been appropriated for paving the road leading from Charleroi to Monongahela and this road runs directly along this new plan of lots. A movement is on foot to have the Monessen-Charleroi bridge made free, which will be a great advantage to the persons who buy property in Lock View Terrace.

BAND MUSIC

A fine band will be on the grounds and give free concerts during both days of the sale.

Special Inducements and Attractions Will Be Given on Day of Sale

Come to the sale. Buy a Lot. Own a Home and Stop Paying Rent; be Free. Bring your dinner and enjoy a basket picnic. A special invitation is given to the Ladies.
